

# Join Nu Rho Psi's PUBLIC "Speaker of the Month" Presentation!

## "Is Addiction (ir)Rational?"

**Richard Yi, PhD**

**Thursday 10/19**

**5:30-6:30pm**

**Fraser 547**

*Addiction is considered a disease of the brain, characterized by irrational and compulsive drug seeking/use and loss of control. We consider evidence that addiction may be a "rational" response to contingencies in the environment.*
