

The Kansas Data Science Consortium is hosting

## **Coffee and Conversation**

April's topic is on the Economic Impact Analysis using IMPLAN.

**Date: April 5<sup>th</sup>**

**Time: 4:00 – 5:00 PM**

**Location: Kansas Union, Alderson Auditorium**

We will have a guest from the Kansas Office of Registered Apprenticeships talk about why a client might commission an Economic Impact Analysis, and we will have two speakers from the research team at the Institute for Policy and Social Research talk about the models used to conduct this kind of analysis. The researchers will also provide a demonstration of the IMPLAN software that is frequently used to deploy the models needed for Economic Impact Analysis.
